Introduction

"You can't teach a child to behave better by making them feel worse. When children feel better they behave better." Pam Leo

At Pendragon Primary School, we believe that every person is equally important. This policy reflects the values, ethos and philosophy of Pendragon in relation to behaviour support. We aim to create an environment in which pupils can learn and develop. We encourage pro-social behaviour and self-regulation through setting high expectations and promoting mutual respect between pupils, and between staff and pupils. We recognise that every behaviour serves a purpose and can be a form of communication. The school motto summarises all rules- Respect, Effort, Achieve, Challenge (REACH). We believe we should show respect for each other and for our environment.

We have adopted the Cambridgeshire Steps approach. Our approach has an emphasis on consistency, on the teaching of internal discipline rather than imposing external discipline, and on care and control, not punishment. It uses techniques to de-escalate a situation before a crisis occurs and, when a crisis does occur, it adopts techniques to reduce the risk of harm and to debrief both children and staff.

Aims:

- To ensure our school is a calm, happy and safe environment.
- To build a community which values well-being, self-regulation, kindness and empathy to others.
- To ensure all learners are treated fairly, shown respect and their needs are met.
- To prevent and to tackle bullying.

To achieve this all staff at Pendragon Community Primary School will:

- Recognise and promote pro-social behaviour.
- Educate all pupils in recognising and responding to their emotions through PSHCE .
- Provide clear guidance and strategies to support learners engaging in anti-social behaviour.
- Recognise dysregulation comes from stress and respond calmly to it.

How we encourage pro-social behaviour at Pendragon

- Meet and greet each child every morning and check for any issues.
- Refer to the school motto, Respect, Effort, Achieve, Challenge (REACH).
- Have high expectations of children with regard to work completion and pro-social behaviour.
- Work closely with parents to share information about positive behaviour.
- Model talking to people with dignity and respect and value all contributions.
- Model positive interactions, behaviours and manners.
- Plan lessons that encourage, challenge or are scaffolded appropriately to meet the needs of all learners.
- Be calm and assume the best in children. Show unconditional positive regard to all pupils.
- Reward pro-social choices through positive praise, house points, Friday awards and Headteacher's awards.
- Develop emotional literacy through delivery of PSHCE lessons and well-being education.

- Have a clearly defined ladder of strategies 'Steps to Positive behaviour' (Appendix 1) to be applied if a child struggles to make pro-social choices. Use advice from 'Dealing with Specific Incidents' if required (Appendix 2)
- Use the Steps Flowchart (Appendix 3) to analyse patterns of behaviour and write plans and risk management plans.
- Read and follow the Individual Risk Management Plan for any child who has one.
- Have a shared staff understanding through:
 1. Training: Introduction to Steps; an annual refresher and regular updates and reminders.
 2. Using the same definitions (Appendix 4)
 3. Basing practice on all relevant policy (Appendix 5)

Taking Account of Special Educational Needs (SEND), Disability and Vulnerable Pupils

Children with SEND may need extra help because of a range of needs, such as: in thinking and understanding; physical or sensory difficulties; emotional and behavioural difficulties; difficulties with speech and language or how they relate to and behave with other people. In applying our Behaviour Policy, we make reasonable adjustments for children with SEND.

Roles and responsibilities

Everyone within the school is responsible for implementing a therapeutic approach to behaviour

Senior Leadership Team

SLT are not expected to deal with behaviour in isolation. They should support colleagues, guide, model and provide consistency in delivering the behaviour approach. In addition, SLT will:

- Be a visible presence in the team to encourage and model appropriate conduct with staff and children.
- Support staff in applying therapeutic interventions including restorative conversations.
- Support staff in meetings with parents. Ensure staff training needs are identified and targeted.

In addition the Headteacher will ensure that the local authority and national exclusion guidance is adhered to and share information with governors on a termly basis.

Governors

The governing body is responsible for:

- Reviewing and approving the [written statement of behaviour principles](#)
- Reviewing this behaviour policy in conjunction with the Headteacher
- Monitoring the policy's effectiveness
- Holding the Headteacher to account for its implementation

Parent's responsibilities

Parents and carers, should get to know the school's behaviour policy and support their child in adhering to the policy. Inform the school of any changes in circumstances that may affect their child's behaviour.

Pupil responsibilities

Pupils will be made aware of the Steps to Positive Behaviour; the school's key motto REACH; the rewards they can earn for meeting the behaviour standard; the logical consequences for positive and negative behaviour.

Recording and Reporting Behaviour Incidents

All behaviour incidents are recorded. Behaviour incidents are analysed on a termly basis across the school. This allows us to work collaboratively to improve behaviour. Incidents around individuals are tracked to minimise the likelihood of bullying occurring in school. When appropriate, all information is shared with parents and carers. We also closely monitor the impact of the IRMPs to ensure that plans are being followed and are supporting the needs of the child. A summary of behaviour incidents is reported to the Governing Body on a termly basis.

Off-site behaviour

Consequences may be applied where a pupil has been dysregulated off-site when representing the school for example when the actions could have repercussions for the orderly running of the school. Consequences will only be given out on school premises or elsewhere when the pupil is under the lawful control of a staff member (e.g. on a school-organised trip).

Child-on-Child Abuse

At Pendragon Primary, we recognise that some pupils may display abusive behaviours towards one another, including sexual harassment and/or violence. Where this happens, incidents or allegations must be referred to the safeguarding leads immediately to ensure appropriate support and intervention is put in place for both parties. Please refer to our [Safeguarding and Child Protection Policy](#) for more information. An individual risk assessment will be put in place using the LA recommended toolkits.

Bullying and Harassment

Our policy for dealing with bullying is set out in a separate document, the school's [Anti-bullying Policy](#). Any incidents of reported bullying are immediately investigated and recorded. The Headteacher reports on the number of incidents that have taken place each term to the Governing Body and notes patterns within groups and individuals.

Prejudice-related incidents

Under the [Equality Act 2010](#) schools are required to record and investigate all 'prejudice related' incidents and to report them to the Local Authority on a regular basis. There are 9 protected characteristics covered by the Act:

- Age
- Disability
- Gender reassignment
- Marriage and civil partnership
- Pregnancy and maternity
- Race and ethnicity
- Religion or belief
- Sexual orientation

- Gender

Incidents involving children and adults are recorded whether or not those responsible intended their behaviour to be prejudice related. It should also be noted that a prejudice related incident does not necessarily have a victim. Parents and carers are contacted if their child is involved in a prejudice related incident. Any incident that is alleged or perceived to be prejudice related is recorded and if, following investigation, it is concluded that it is not prejudice related; this outcome is noted on both the school record of the incident and the report that is submitted to the Local Authority. Termly reports of incidents are recorded with the Local Authority using the Prejudiced Reporting for Education (PRfE) and do not identify individuals, but this information is kept at school level, in line with other records on behaviour and incidents of bullying.

Guiding children and reasonable force

We acknowledge that staff must only ever use physical intervention as a last resort and that, at all times, as set out in [Use of Reasonable Force in Schools: Advice for Headteachers, Staff and Governing Bodies \(DfE, 2013\)](#), it must be the minimum necessary to prevent pupils injuring themselves, another person/property. Use of reasonable force will always be reported to parents/carers and recorded in the confidential Physical Intervention book. In planning support for pupils whose behaviour poses a risk of harm to themselves or others, the school writes a Risk Management Plan and takes advice from the LA. All staff members are trained in the Steps approaches, which focus on de-escalation strategies and restoration.

Exclusions

Pendragon Community Primary School promotes inclusion wherever possible. We reserve the right, however, to exclude children whose behaviour is a danger to others or consistently goes against the school expectations and ethos. The school follows the Cambridgeshire County Council guidelines in any case of exclusion and will only use exclusion as a final resort. The period of exclusion allows for systems to be put into place to support the child upon reintegration. The Chair of Governors will be informed if either of these sanctions are used.

Confiscation, searches, screening

Searching and screening of pupils is conducted in line with the guidance [Searching, Screening and Confiscation: Advice for Schools \(DfE, 2022\)](#)

If a member of staff has reasonable grounds to suspect that a pupil is in possession of a banned item, a pupil can be instructed to undergo a search without consent; parental permission or pre-notification is not required. However, only the Headteacher, or a member of staff authorised by the Headteacher, can carry out a search. Staff are also permitted to examine data files held on personal devices during a search, with the authorisation of the Headteacher. Prohibited items include:

- Knives and weapons
- Alcohol
- Illegal drugs
- Stolen items
- Tobacco and other related smoking items (e.g. vapes, lighters etc.)
- Fireworks

- Pornographic images
- Any item that has been or is likely to be used to commit an offence, cause personal injury or damage to school property

Malicious allegations

Where a pupil makes an allegation against a member of staff and that allegation is shown to have been deliberately invented or malicious, the school will consider what action to take. Where a pupil makes an allegation of sexual violence or sexual harassment against another pupil and that allegation is shown to have been deliberately invented or malicious, the school will consider what action to take. In all cases where an allegation is determined to be unsubstantiated, unfounded, false or malicious, the school (in collaboration with the local authority designated officer (LADO), where relevant) will consider whether the pupil who made the allegation is in need of help, or the allegation may have been a cry for help. If so, a referral to children's social care may be appropriate. The school will also consider the pastoral needs of staff and pupils accused of misconduct.

Complaints and appeals

Parents/ carers have a right to appeal against a decision made by the school. Parents/carers should refer to the school's [Complaints Policy](#).

Appendix 3 Steps Flowchart

Appendix 4 Definitions

Behaviour: Everything a person says or does. The spectrum goes from pro-social to extreme anti-social behaviour.

Being therapeutic: Pro-social feelings of everyone are prioritised.

Pro social behaviour: Behaviour which is positive, helpful and values social acceptance.

Unsocial behaviour: Not choosing to behave sociably or not doing as instructed or dictated, but not to the detriment of self or others. This might be seen as withdrawn, anxious, passive or avoidant.

Anti-social behaviour: Behaviour that causes harm to an individual, a group, to the community or to the environment.

Difficult behaviour: Behaving in an unsocial way that is not likely to cause injury to themselves or others. Not likely to cause significant damage to property.

Dangerous behaviour: Behaviour which results in injury or harm to self or others, damage to property or would be considered criminal if the person was the age of criminal responsibility, such as racist abuse. Behaviour described as dangerous will be evidenced in terms of severity and frequency of outcomes.

Logical consequences: A logical explainable response, outcome or conclusion to a pro-social or anti-social behaviour. This is a chance for children to make amends and repair any damage to relationships or property. Consequences are designed to help children learn and develop pro-social behaviours to apply to all contexts.
